Re: Progress Energy Canada Certificate of Restoration Application (Part-II) for the Well Site Progress Et Al N Bubbles D-A02-G/94-G-8 (WA # 14002)

This office has received an Application for a Certificate of Restoration (CoR-Part II), and a Surface Reclamation Assessment Report for wellsite for the above referenced well authorization (WA # 14002) submitted by Secure Energy Services Inc on behalf of Progress Energy Canada Ltd on December 15th, 2016. This application is submitted for the surface location D-A02-G/94-G-8(WA#14002) which includes the following wells which were cancelled prior to drilling WA#14002:

- Progress Et Al N Bubbles D-02-G/94-G-8 (WA# 12955)
- Progress Et Al N Bubbles D-C02-G/94-G-8 (WA# 14008)
- Progress Et Al N Bubbles D-B02-G/94-G-8 (WA# 14009)
- Progress Et Al N Bubbles D-D02-G/94-G-8 (WA# 14122)

The reclamation assessment report and additional information reviewed and found that the site has fully reclaimed and the restoration of the site is satisfactory. Therefore, your application for a Certificate of Restoration approved and a copy of the Certificate of Restoration is enclosed (Certificate # 5703) for all the above referenced wells authorization.

Please note Section 41(3) of the Oil and Gas Activities Act (OGAA) and section 47 (1) of the Environmental Management Act, which respectively read:

"The issuance of a certificate of restoration does not relieve a person from any obligations under section 40 or under an order referred to in subsection (1) (b) of this section in respect of any matter that was not known to the commission at the time the certificate of restoration was issued."

And:

"A person who is responsible for remediation of a contaminated site is absolutely, retroactively and jointly and separately liable to any person or government body for reasonably incurred costs of remediation of the contaminated site, whether incurred on or off the contaminated site."

Therefore Progress Energy Canada Ltd remains liable for any contamination presently on site.

Any questions can be directed to the undersigned at (250) 794-234
