Re: ARC Resources Certificate of Restoration Application (Part-II) for the Well Site ARCRes Tees A-16-H/94-I-6 (WA # 22430)

This office has received an Application for a Certificate of Restoration (CoR-Part II), and a Surface Reclamation Assessment Report for wellsite for the above referenced well authorization (WA # 22430) submitted by Vertex Professional Services Ltd on behalf of ARC Resources Ltd on August 14th, 2019.

The reclamation inspection assessment report was reviewed and was found that the site has been fully reclaimed and the restoration of the site is satisfactory. Therefore, your application for a Certificate of Restoration is approved and a copy of the Certificate of Restoration is enclosed (Certificate # 5995).

Please note Section 41(3) of the Oil and Gas Activities Act (OGAA) and section 47 (1) of the Environmental Management Act, which respectively read:

"The issuance of a certificate of restoration does not relieve a person from any obligations under section 40 or under an order referred to in subsection (1) (b) of this section in respect of any matter that was not known to the commission at the time the certificate of restoration was issued."

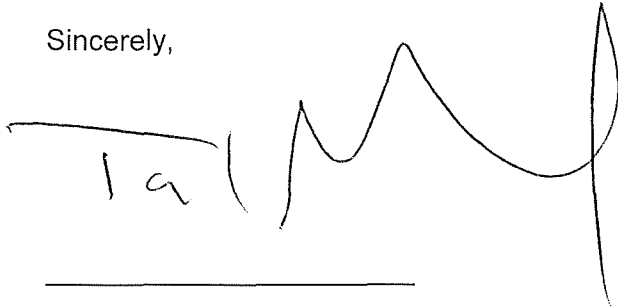

And:

"A person who is responsible for remediation of a contaminated site is absolutely, retroactively and jointly and separately liable to any person or government body for reasonably incurred costs of remediation of the contaminated site, whether incurred on or off the contaminated site."

Therefore ARC Resources Ltd remains liable for any contamination presently on site.

Any questions can be directed to the undersigned at (250) 794-5234

Sincerely,

A handwritten signature in black ink, appearing to read 'Taher Morsi', written over a horizontal line. The signature is stylized with a large 'M' and a long vertical stroke at the end.

RESTORATION INFORMATION

C

Description of Area(s) Restored (Location, Remote Sump, Access and other disturbed areas affiliated with this location):

The site is located on Crown land approximately 110 km southeast of Fort Nelson, British Columbia, outside the Agricultural Land Reserve. A survey plan completed on September 23, 2006, indicates that an access road, corner cut off, remote drilling waste disposal area (DWDA), proposed alternate remote DWDA and temporary campsite are associated with the site (Attachment 1). The remote DWDA is associated with the d-069-H/094-I-06 well (WA# 11291) for reclamation purposes. A review of aerial photographs indicated that the proposed alternate remote DWDA was not constructed; therefore, it was not included in the inspection. Vertex Professional Services Ltd. completed a Reclamation Inspection on the wellsite, access road, corner cut off and temporary campsite (Attachment 2). Results from the 2018 Reclamation Inspection indicate that the landscape, soil and vegetation parameters on the wellsite and associated clearings have been satisfactorily reclaimed (Vertex Professional Services Ltd., 2019).

Details of any areas left unrestored at Landowner's request:

No areas were left unrestored at the Landowner's request.

Was "Approval to Construct" subject to any reclamation conditions?	<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO
Reclamation Inspection Report included?	<input checked="" type="checkbox"/> YES <input type="checkbox"/> NO
Is this location within the Agricultural Land Reserve? <i>If YES, attach Schedule B</i>	<input type="checkbox"/> YES <input checked="" type="checkbox"/> NO

APPROVAL – FOR COMMISSION USE ONLY

D

CERTIFICATE OF RESTORATION

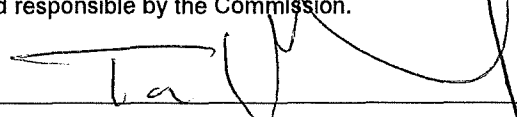

CERTIFICATE NO.

5995

This is to certify that the surface of the land held in conjunction with, or incidental to, the above application is deemed to be satisfactorily restored. Despite the issuance of this Certificate, the Ministry of Environment has the authority to order further site investigation or remedial action upon inspection of the site or file. Issuance of this certificate does not relieve the Applicant of any restoration requirements for which the Applicant is subsequently held responsible by the Commission.

Approval Date:

August 15th, 2019
