Re: EOG Canada Oil& Gas Certificate of Restoration Application (Part-II) for the Well Site ECOG Evie A-49-E/94-J-15 (WA # 16652)

This office has received an Application for a Certificate of Restoration (CoR-Part II), and a Surface Reclamation Assessment Report for wellsite for the above referenced well authorization (WA # 16652) submitted by Secure Energy Services Inc on behalf of EOG Canada Oil and Gas Inc on August 8th, 2017.

The reclamation assessment report and additional information reviewed and found that the site has fully reclaimed and the restoration of the site is satisfactory. Therefore, your application for a Certificate of Restoration approved and a copy of the Certificate of Restoration is enclosed (Certificate # 5738).

Please note Section 41(3) of the Oil and Gas Activities Act (OGAA) and section 47 (1) of the Environmental Management Act, which respectively read:

"The issuance of a certificate of restoration does not relieve a person from any obligations under section 40 or under an order referred to in subsection (1) (b) of this section in respect of any matter that was not known to the commission at the time the certificate of restoration was issued."

And:

"A person who is responsible for remediation of a contaminated site is absolutely, retroactively and jointly and separately liable to any person or government body for reasonably incurred costs of remediation of the contaminated site, whether incurred on or off the contaminated site."

Therefore EOG Canada Oil and Gas Inc remains liable for any contamination presently on site.

Any questions can be directed to the undersigned at (250) 794-5234

CERTIFICATE OF RESTORATION

CERTIFICATE NO.

5738

This is to certify that the surface of the land held in conjunction with, or incidental to, the above application is deemed to be satisfactorily restored. Despite the issuance of this Certificate, the Ministry of Environment has the authority to order further site investigation or remedial action upon inspection of the site or file. Issuance of this certificate does not relieve the Applicant of any restoration requirements for which the Applicant is subsequently held responsible by the Commission.
