GENERAL ORDER 2025-0073-01
Section 49 *Energy Resource Activities Act*

Issued to:

Trans Mountain Pipeline ULC
2700, 300-5th Avenue SW
Calgary, Alberta T2P 5J2

Attention: Colin Carlsen

Order:

Pursuant to section 49(1)(d) of the *Energy Resource Activities Act* (the Act), I, Robert Workman, order that Trans Mountain Pipeline ULC (TMEP) must:

1. By 3:00 PM Pacific Time on August 1, 2025, cease all construction activities, use and occupation of Crown land located within Road 04833, segment 327 between UTM Zone 11, E 356963 N 5817054 and Zone 11, E 357000 N 581034

Conditions:

- A. This order shall remain in effect until amended or terminated in whole or in part by the BC Energy Regulator.

Reasons:

I make this order for the following reasons:

- i. TMEP holds multiple approvals issued by the British Columbia Energy Regulator to facilitate the construction and operation of the Trans Mountain Pipeline.
- ii. On April 14, 2025, TMEP submitted application number 100120931 for an approval for road right of ways to provide permanent access to their pipeline for maintenance purposes.
- iii. Road 04833 segment 327 is part of application number 100120931. A portion of segment 327 between UTM Zone 11, E 356963 N 5817054 and Zone 11, E 357000 N 581034 is unoccupied Crown land.

- iv. On July 31, 2025, a BCER Compliance and Enforcement Officer (Officer) inspected the proposed road and observed that the road was in the process of being built, with trees removed and an excavated 20 m right of way constructed. The C&E officer was told work started 9 days ago.
- v. On July 31, 2025, the Officer requested an TMEP provide proof of an authorization to access Crown land to carry out road construction. TMEP informed the Officer via e-mail that a formal authorization had not yet been issued for this work.
- vi. No approval for use and occupation of this Crown land has been issued by the British Columbia Regulator to TMEP.
- vii. I am of the opinion TMEP is not in compliance with the Land Act.
