Order:

Pursuant to section 38(1)(c) of the *Energy Resource Activities Act* (the Act), I, Robert Workman, order that Pacific Northern Gas Ltd. (PNG) must:

1. Prepare a report, completed by a Qualified Professional, detailing the works and the minimum required timelines, with supporting rationale, required to mitigate geotechnical and hydrotechnical risks at BGC Site # 277, which is described in the BGC Engineering Inc. report entitled “Pipeline Network-Wide Compilation of Geohazard Assessments” dated March 17, 2025, BGC project #0149030, located on pipeline project 26025 segment 2.
2. Prepare a report, completed by a Qualified Professional, detailing the results of site investigations to assess hydrotechnical and geotechnical risks for the locations specified in Appendix A.
3. Prepare a report, completed by a Qualified Professional, that identifies the required corrective action(s), timelines and supporting rationale, to mitigate geotechnical and hydrotechnical risks and address pipeline exposures for the locations specified in Appendix B.
4. Prepare a report, completed by a Qualified Professional, detailing the results of engineering assessments, in accordance with CSA Z662:23 Oil and Gas Pipeline Systems, clause 10.1, for BGC Sites #439 and #343, as described in the BGC Engineering Inc. report entitled “Pipeline Network-Wide Compilation of Geohazard Assessments” dated March 17, 2025, BGC project #0149030, located along pipeline project 26207 segment 5.

Request:

Pursuant to section 38(1)(e) of the Act, the BCER requests that PNG submit a copy of the records referred to in item 1, no later than June 20, 2025, electronically to C&E@bc-er.ca.

Pursuant to section 38(1)(e) of the Act, the BCER requests that PNG submit a copy of the records referred to in items 2, 3 and 4 no later than October 31, 2025, electronically to C&E@bc-er.ca.

Conditions:

This order shall remain in effect until:

- I. All directives in this order have been completed as required, or
- II. Amended or terminated by the BC Energy Regulator.
