Attention: Mr. Trent Lindberg

**RE: Warning: Fail To Comply With Condition Of An Authorization**

Dear Trent Lindberg,

Swamp Donkey Oilfield Services Inc. (Swamp Donkey) holds conditional water license 502336 issued under the Water Sustainability Act. This license contains the following condition:

The license holder shall keep records on daily water withdrawals in units of cubic metres. This information must be submitted to the Commission via the relevant process at the time of submission on a quarter-annual basis, on or before January 25, April 25, July 25 and October 25, for the preceding three month period. This requirement for water use reporting can be amended from time to time as directed by the Water Manager

This condition provides Swamp Donkey three weeks to compile its water withdrawal data and to submit a report to the Oil and Gas Commission (Commission). A report for the months of October, November and December was due no later than January 25, 2021.

On February 10, 2021, the Commission received the required report after contacting Swamp Donkey by phone on February 10, 2021.

Swamp Donkey has no previous non-compliance history. Given the circumstances, Swamp Donkey is hereby issued a warning only for the following:

Swamp Donkey, on or about January 26, 2021, at or near Fort St. John in the Province of BC, did fail to comply with the condition of an authorization contrary to Section 106(3)(k) of the Water Sustainability Act.

If Swamp Donkey has any questions about this matter please feel free to contact the undersigned.

Sincerely,
