RR1 Mile 295 Alaska Highway 2026 Kennay-Yah Road
Fort Nelson, BC VOC 1R0

Attention: Angela Boston,

RE: Warning : Fail To Comply With A Condition Of An Authorization

Dear Angela Boston,

Clarke Lake Goethermal GP Ltd. (Clarke Lake) numerous water authorizations issued under the Water Sustainability Act. Each authorization contains a standard condition as follows:

The permit holder must maintain accurate records of all water withdrawal activities throughout the term authorized. Water withdrawal records for each diversion point, including '0' values for months where no water was withdrawn, must be recorded monthly. Water withdrawal records must be submitted to the Commission on a quarterly basis via eSubmission. Quarterly reports are due on or before April 25, July 25, October 25 and January 25.

This condition provides the company 25 days to compile its water withdrawal data and to submit a report to the BC Energy Regulator (Regulator). A report for the months of January, February and March, 2023, was due no later than April 25, 2023.

On May 1,2023, the Regulator received the required report for the month of March for 4 authorizations(AD 100113633, AD 100113697, AD 100020889 and AD 100112598). This was 5 days past the due date. Reports for the months of January and February were received on March 29, 2023. Clarke Lake tried to submit for the month of March prior to the completion of the month . eSubmission will not accept data for a month until completion of the month. This is the second time Clarke Lake has committed the same error. In December 2021, Clarke Lake tried to report for the month of December 2021, prior to completion of the month. It was explained to Clarke Lake back then this was not allowed and the reasons why.

Given the circumstances, Clarke Lake Goethermal GP Ltd. is hereby issued a warning only for the following:

Clarke Lake Goethermal GP Ltd., on or about April 26, 2023, at or near Fort St. John, in the Province of BC, did fail to comply with the condition of an authorization contrary to Section 106(3)(k) of the Water Sustainability Act.

If Clarke Lake Goethermal GP Ltd. has any questions about this matter, please feel free to contact the undersigned.

Sincerely,

<original signed by>

Manager, Enforcement
British Columbia Energy Regulator
