Coastal Gaslink Pipeline Ltd.
450-1st Street SW
Calgary, AB T2P 5H1

Attention: Dan Wyman,

RE: Warning : Fail To Comply With A Condition Of An Authorization

Dear Dan Wyman,

Coastal Gaslink Pipeline Ltd. holds water authorization AD 100116333 issued under the Water Sustainability Act. This authorization contains a standard condition as follows:

The permit holder must maintain accurate records of all water withdrawal activities throughout the term authorized. Water withdrawal records for each diversion point, including '0' values for months where no water was withdrawn, must be recorded monthly. Water withdrawal records must be submitted to the Commission on a quarterly basis via eSubmission. Quarterly reports are due on or before April 25, July 25, October 25 and January 25.

This condition provides the company 25 days to compile its water withdrawal data and to submit a report to the BC Energy Regulator (Regulator). A report for the months of January, February and March, 2023, was due no later than April 25, 2023.

On April 26, 2023, the Regulator received the required report. This was one day past the due date. Late reporting may result in issuance of a violation ticket. The Regulator notes that Coastal Gaslink Pipeline Ltd. has no previous non-compliance history related to late water withdrawal reporting.

Given the circumstances, Coastal Gaslink Pipeline Ltd. is hereby issued a warning only for the following:

Coastal Gaslink Pipeline Ltd., on or about April 26, 2023, at or near Fort St. John, in the Province of BC, did fail to comply with the condition of an authorization contrary to Section 106(3)(k) of the Water Sustainability Act.

If Coastal Gaslink Pipeline Ltd. has any questions about this matter, please feel free to contact the undersigned.

Sincerely,

<original signed by>

Manager, Enforcement
British Columbia Energy Regulator
