Attention: Regulatory,

RE: Warning : Fail To Comply With A Condition Of An Authorization

Dear Regulatory,

Pieridae Alberta Production Ltd. (Pieridae) holds water use authorization AD 100116410 issued under the Water Sustainability Act. This authorization contains a standard condition as follows:

The permit holder must maintain accurate records of all water withdrawal activities throughout the term authorized. Water withdrawal records for each diversion point, including '0' values for months where no water was withdrawn, must be recorded monthly. Water withdrawal records must be submitted to the Commission on a quarterly basis via eSubmission. Quarterly reports are due on or before April 25, July 25, October 25 and January 25.

This condition provides the company 25 days to compile its water withdrawal data and to submit a report to the BC Energy Regulator (Regulator). A report for the month of July, August, and September, 2023, was due no later than October 25, 2023.

On November 2, 2023, the Regulator received the required report after Pieridae was contacted by the Regulator on November 1, 2023. Pieridae has no recent water reporting non-compliance history.

Given the circumstances, Pieridae Alberta Production Ltd. is hereby issued a warning only for the following:

Pieridae Alberta Production Ltd., on or about October 26, 2023, at or near Fort St. John, in the Province of BC, did fail to comply with the condition of an authorization contrary to Section 106(3)(k) of the Water Sustainability Act.

If Pieridae Alberta Production Ltd. has any questions about this matter, please feel free to contact the undersigned.

Sincerely,
