RE: Warning: Fail To Comply With Condition Of An Authorization

Dear Mr. Hodder,

Primavera Resources Corp. (Primavera) holds water use authorization AD 100107871 WU #5301 issued under the Water Sustainability Act. This authorization contains the following condition as follows:

The Permit Hlder must maintain accurate records of all water withdrawal activities throughout the term approved. Water withdrawal records for each diversion point, including "0" values for months where no water was withdrawn, must be recorded monthly. Water withdrawal records must be submitted to the Commission on a quarterly basis via eSubmission. Quarterly reports are due on or before April 25, July 25, October 25 and January 25.

This condition provides the company three weeks to compile its water withdrawal data and to submit a report to the Oil and Gas Commission (Commission). A report for the month of June 2019, was due no later than July 25, 2019.

On August 10, 2019, the Commission received the required report after Primavera was contacted.

Late reporting may result in issuance of a violation ticket. The Commission notes Primavera has no non-compliance history related to late water reporting

Given the circumstances, Primavera is hereby issued a warning only for the following:

Primavera, on or about July 26, 2019, at or near Fort St. John in the province of BC, did fail to comply with the condition of an authorization contrary to Section 106(3)(k) of the Water Sustainability Act.

If Primavera has any questions about this matter please feel free to contact the undersigned.

Sincerely,
