

# Company Administrator Guide

This guide provides step-by-step instructions for users acting as Company Administrators in KERMIT. Further guidance can be found in the [Online Systems Accounts](#) page on [www.bc-er.ca](http://www.bc-er.ca) regarding Online Systems accounts, usernames, passwords, security roles and company administration.

As a Company Administrator you have access to do the following in KERMIT:

- view the details of your organization,
- create an account for a user,
- add or remove a user from your organization,
- manage the organization a user's account is associated with,
- manage security roles for a user, and
- update the details of a user's account.

To get started, select the Company Admin tab:

If you do not have access to this tab you do not have the Company Admin security role on behalf of any organizations. This security role must be obtained to gain this access.

Once you've selected the Company Admin tab it will display the name of organization you have the Company Admin security role on behalf of. You'll also now have access to the Organization Details and Security tabs:

## Organization Details tab

This tab allows Company Administrators to view the details of their organization:

Organization Details	Security
<b>Organization Name:</b> Example Organization Organization ID: 00002213  MEM ID: MEM Name: MOF ID:  Incorporation Number: Well Abbreviation:	<b>Registration Date:</b> May 21, 2014  Insurance Certificate Expiry Date: mmm dd, yyyy
<b>Main Contact Information:</b> Phone Number: (250) 555-5555 Fax Number: (250) 555-6666 Email Address: Kermit.Notices@bcogc.ca	
<b>Address:</b> Address: 100 main st  City: Fort St John Province: British Columbia Postal Code: v1v 1k1 Country: Canada	

All organization details are read only in KERMIT. Any updates required must be applied for through Petrinex and cannot be made in KERMIT.

## Security tab

The Security tab allows Company Administrators to:

- create an account for a user,
- add or remove a user from your organization,
- manage the organization a user's account is associated with,
- manage security roles for a user, and
- update the details of a user's account.

For guidance on completing each of these activities please refer to the subsequent sections below.

## Create an account for a user

1. Select New User.
2. Select NEW USER in the top right hand corner of the Online Systems logon page when it opens:

3. Enter the e-mail address of the user who needs an account.
4. Select Submit to start the process of creating their account.
5. Follow the online form to complete the setup of the account.
6. An automated e-mail containing the username will be sent to the e-mail address provided.

## Add a user to your organization

1. Select Add Security.
2. In the Find Organization Security window that pops up, enter the user's name as directed (Last Name, First Name) then select Search:

**Find Organization Security**

Contact Name (Last, First):

Name	Email Address	Organization Name
<input type="button" value="Search"/>	<input type="button" value="Cancel"/>	<input type="button" value="Cancel and Clear"/>

3. Select the name of the user from the search results:

**Find Organization Security**

Contact Name (Last, First):

Name	Email Address	Organization Name
Doe, Jane	Kermit.Notices@bcogc.ca	
<input type="button" value="Search"/>	<input type="button" value="Cancel"/>	<input type="button" value="Cancel and Clear"/>

This will close the Find Organization Security pop up window and take you back to the Security tab.

4. Select Save.
5. View the user you just added on the Security tab:

## Organization Details

## Security

Name	Company
<a href="#">Doe, Jane</a>	

## Manage the organization a user's account is associated with

1. Select the user's name from the Security tab:

## Organization Details

## Security

Name	Company
<a href="#">Doe, Jane</a>	

2. In the Edit Security Contact window that pops up, select your organization from the Company drop down:

## Edit Security Contact

Name: Jane Doe

Company:

Phone #: (111) 111-1111

Fax #: ( ) -

Email: Kermit.Notices@bcogc.ca

Address:

Please note that you will be unable to associate a user to your organization if they are currently associated to another organization.

3. Select Save. This will close the Edit Security Contact pop up window and take you back to the Security tab.
4. View the organization the user is now associated with on the Security tab:

## Organization Details

## Security

Name	Company
<a href="#">Doe, Jane</a>	Example Organization

## Manage security roles for a user

1. Ensure the user shows on the Security tab and the Company they are associated with is set to your organization.

## Organization Details

## Security

Name	Company
<a href="#">Doe, Jane</a>	Example Organization

If a user is not yet associated to your organization see the *Manage the organization a user's account is associated with* section above.

2. Select the user's name:

## Organization Details

## Security

Name	Company
<a href="#">Doe, Jane</a>	Example Organization

3. In the Edit Security Contact window that pops up, select the Security tab then check off the security role(s) you wish to add or remove from the user:

## Edit Security Contact

Name: **Doe, Jane**  
 Company: **Example Organization** ▼  
 Phone #: **(999) 999-9999**  
 Fax #: **( ) -**  
 Email: **jane.doe@organization.com**  
 Address:

Save Delete Cancel

Please note that you cannot edit a user's details if they are currently associated to another organization. They must be associated to your organization.

3. Make the required updates to the user's details. For example, their e-mail.
4. Select Save. This will close the Find Organization Security pop up window and take you back to the Security tab.

## Remove a user from your organization

1. Select the user's name from the Security tab:

Organization Details		Security	
Name		Company	
<a href="#">Doe, Jane</a>		Example Organization	

2. In the Edit Security Contact window that pops up, select None from the Company drop down to disassociate the user from your organization:

**Edit Security Contact**

Name: Jane Doe

Company: (None) ▼

Phone #: (111) 111-1111

Fax #: ( ) -

Email: Kermit.Notices@bcogc.ca

Address:

3. Select Save.
4. Select Delete. This will close the Find Organization Security pop up window and take you back to the Security tab the name of the user will no longer show.
5. Select Save.
