Re: Approval for Changes in and About a Stream

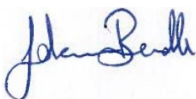

---

Date of issuance: January 5, 2016

The Oil and Gas Commission hereby authorizes the holder under section 9 of the *Water Act* to make changes in and about streams, at location UTM Zone 10, 6185522N, 632362E, as shown on Figure 1 TERA: t8282\_Section 9\_Figure 1\_Facility\_Wilde\_Lake\_Rev0.mxd, Rev 0, Dated September 2014, subject to the following conditions:

1. Instream works associated with this project must not prevent the movement of fish, nor impede the movement of fish to the extent that it is harmful to the survival of the fish.
2. The permit holder must ensure that the activities authorized under this approval do not result in any deleterious materials being deposited into a stream, wetland or lake outside of the subject property.
3. The permit holder must make reasonable efforts to prevent establishment of invasive plants on the site resulting from the carrying out of activities authorized under this approval.
4. If the natural surface drainage pattern was altered by the carrying out of the activity, the permit holder must, as soon as practicable, restore, to the extent practicable, to the drainage pattern and its condition before the alteration.

The attached plan(s) form an integral part of this authorization
