PERMISSIONS

1. The BC Oil and Gas Commission ("the Commission"), under section 25 (1) of the *Oil and Gas Activities Act* hereby permits the holder to construct and maintain an oil and gas road, subject to the following conditions:
   a. Subject to permission 2, the authorization granted under this permit is limited to the area described in survey plan number; FOCUS: 131226SK02R2, Revision 2, dated September 9, 2014.
   b. Following initial construction of the road, future permission to construct is limited to required modifications within the operating area except as otherwise restricted by this permit.

2. Pursuant to Section 138(1) of the *Petroleum and Natural Gas Act*, the permit holder is authorized to enter, occupy and use any unoccupied Crown land located within the operating area to carry out the oil and gas activity authorized under this permit.

3. The authorization to occupy and use Crown land expires if this permit expires, or is suspended, cancelled, surrendered or declared spent.

CONDITIONS

1. The permit holder must submit the post construction plan, as per section 11 of the Oil and Gas Road Regulation, as an ePAS shape file and PDF plan accurately identifying the location of the total area actually disturbed under this permit.

2. The permit holder will immediately effect, and keep in force while occupying the site, insurance of an amount not less than $1,000,000 protecting the Province, the Commission and the permit holder (without any rights of cross-claim or subrogation) against claims for personal injury, death, property damage, or third party liability claims arising from any accident or occurrence on the site.

3. The authorization to occupy and use Crown land does not entitle the permit holder to exclusive possession of the area.

4. The rights granted by this authorization are subject to all subsisting grants to or rights of any person made or acquired under the *Coal Act, Forest Act, Land Act, Mineral Tenure Act, Petroleum and Natural Gas Act, Range Act, Water Act* or *Wildlife Act*, or any extension or renewal of the same.
5. The permit holder must not assign, sublicence or transfer this permit or permit any person to use or occupy the land, other than its employees, contractors, or representatives, without the Commission's written consent.

6. The permit holder must ensure that the area is maintained in a condition so as to minimize hazards, including but not limited to hazards associated with storage of materials and equipment.

7. The permit holder must ensure that the area is free of garbage, debris and unused equipment.

8. An Archaeological Impact Assessment (AIA) is required for the proposed development area prior to any development activities taking place.

An AIA report must be submitted to the Commission as soon as practicable.

If artifacts, features, materials or things protected under section 13(2) of the Heritage Conservation Act are identified the permit holder must, unless the permit holder holds a permit under section 12 of the Heritage Conservation Act issued by the Commission in respect of that artifact, feature, material or thing:

a. immediately cease all work in the vicinity of the artifacts, features, materials or things;

b. immediately notify the Commission and the Archaeology Branch of the Ministry of Forests, Lands and Natural Resource Operations

c. refrain from resuming work in the vicinity of the artifacts, features, materials or things except in accordance with an appropriate mitigation plan that has been prepared in accordance with the Heritage Conservation Act and approved by the Commission.

9. Within 2 years of when the permit area is no longer required for activities under the permit, the permit holder must re-vegetate, using seed or vegetative propagules of an ecologically suitable species or implement other measures, to the satisfaction of the Commission, that promote the restoration of the wildlife habitat that existed on the area before the activity was begun.

10. The permit holder must undertake dust control measures to ensure that dust resulting from permitted activities does not affect safe travel on a road or significantly impair the use and enjoyment of lawfully occupied permanent dwellings, significant public use areas, areas known to be traditionally used by First Nations, or other similar areas.

11. The permit holder must notify the Halfway River First Nation a minimum of five (5) working days prior to commencement of activities.

12. The permit holder must notify the McLeod Lake Indian Band a minimum of five (5) working days prior to commencement of activities.

13. The permit holder must notify the Saulteau First Nation a minimum of five (5) working days prior to commencement of activities.

14. The permit holder must notify the West Moberly First Nations a minimum of five (5) working days prior to commencement of activities.

RELATED AUTHORIZATIONS ASSOCIATED WITH THE PERMIT

Cutting Permit under Master Licence to Cut under section 47.4 of the Forest Act

1. The Commission hereby issues the permit holder Cutting Permit No. 10 under Master Licence to Cut number M02370, subject to the following conditions:

a. This Cutting Permit is subject to the terms and conditions in the Master Licence to Cut.

b. This Cutting Permit applies to only the Crown land portion shown on survey plan associated with this Permit (Sketch plan number: FOCUS: 131226SK02R2, Revision 2, dated September 9, 2014).

c. All harvested Crown timber must be marked with Timber Mark Number MTB 235.

d. This Cutting Permit is deemed spent upon the submission of the post construction plan or upon either the cancellation or the expiry of the permitted oil and gas activity.

e. This Cutting Permit does not grant the permit holder the exclusive right to harvest timber from the License area and the Commission reserves the right to grant rights to other persons to harvest timber from the License area.
f. The felling, bucking and utilization specifications as described in Appendix A of your Master License to Cut applies to this Cutting Permit.

g. Stumpage for this Cutting Permit will be calculated as per Table 6.6 in the Interior Appraisal Manual.
   i. Stumpage billing will be calculated on the gross project area. The amount billed will be determined upon submission of the final post-construction plan to the Commission.

h. Timber that is stored in decks or piles must be marked with the correct timber mark before transportation, or at the end of every shift. The marking must be applied to one end of at least 10% of the timber pieces in each deck or pile using a hammer indentation or paint. Marking must be kept concurrent with decking.

i. Where the permit holder is aware of overlapping forest tenure rights that have been granted to other persons, the permit holder is obligated to communicate to these persons the timing and extent of their harvest operations at least two weeks prior to commencement of harvest and take all reasonable steps to coordinate their activities with these persons.
