

Registration Open for Application Management System Training

EFFECTIVE DATE: IMMEDIATELY

The BC Oil and Gas Commission (Commission) is announcing new training sessions for users of the Application Management System (AMS). Registration is now open for this training.

Training sessions will be held online via GoToMeeting. The sessions will take place at 9:30am PST on June 12 and 13, 2017 and will include:

- June 12: Introduction to AMS for newer users.
- June 13: Advanced scenarios for more experienced users.

Full details of the training sessions and how to register are available [here](#). All sessions are free and open to anyone who is working, or planning to work, with the system. However, registration is required for each attendee and space is limited. Please note that depending on the feedback we get during registration, the schedule is subject to change as we accommodate demand.

Company-specific training on AMS for surveyors can be requested via the contact below.
