INFORMATION BULLETIN

Project Assessment and Compliance Assurance Division Update

FORT ST. JOHN – The Project Assessment and Compliance Assurance (PACA) Division of the BC Oil and Gas Commission (Commission) has undergone a minor redistribution of resources to compensate for application shifts and staff changes.

Effective immediately there will be three Operations Managers, each responsible for leading an application review and approval team. The three teams are now led by one Area Director. The assigned zones are as follows:

Area Director - Roger St. Jean

Operations Manager - Dean Zimmer, South Zone

Operations Manager - Glen Swanson, North Zone

Operations Manager - Karen Larsen, East/West/Central Zone

Please direct any inquiries regarding your application or any other issues to the appropriate Operations Manager. The Commission directory is available at:

<http://www.ogc.gov.bc.ca/phonelistprint.asp>

The regional zones have been shifted slightly to account for the new structure. The revised Commission provincial zone map can be found at:
