Dear Mr. Cusanelli:

**RE: ACID GAS DISPOSAL SPECIAL PROJECT CANCELLATION  
NORTHRIVER JEDNEY b-88-J/94-G-01 (WA#427)  
JEDNEY FIELD – BALDONNEL/UPPER CHARLIE LAKE ‘A’ POOL**

The subject well was drilled in 1959 and completed into the Baldonnel/Upper Charlie Lake ‘A’ pool. The well produced gas from December 1959 until August 2000. Approval for acid gas disposal into the Baldonnel/Upper Charlie Lake ‘A’ pool was granted on November 7, 1996 however no disposal operation has occurred in this well. During a regulatory review of all acid gas disposal wells, the subject well was approved as a backup disposal well with unique testing and reporting requirements. In 2023, with NorthRiver taking over ownership of the well, the purpose as a backup well was no longer relevant, and NorthRiver has agreed that approval cancellation is appropriate.
