Lance Gosselin, P.Eng.
Sr. Engineer - Well Operations
Secure Energy Services Inc.
2300, 225 – 6th Avenue S.W.
Calgary AB T2P 1N2

Dear Mr. Gosselin:

**RE: PRODUCED WATER DISPOSAL SPECIAL PROJECT CANCELLATION
SECURE W STODDART 10-14-87-21 (WA# 2777)
STODDART WEST FIELD – NORTH PINE FORMATION**

The subject well was drilled and completed in the Belloy 'D' pool in 1970. The well produced gas from the Belloy 'D' pool from 1975 to 1986, when it was zonally abandoned. The Halfway and North Pine formations were both completed in 1986 but were left suspended. The Halfway formation was approved for disposal in September of 2002 and was used for disposal from 2003 to 2012. The Halfway was zonally abandoned in 2016 and the disposal approval for the formation was cancelled in 2020. The North Pine formation was approved for disposal in February of 2018 and was used for disposal from September of 2018 to May of 2019. On August 16th, 2022, Secure Energy Services Inc. indicated to the Commission via email communication that they have no plans for future disposal and had no concerns with cancellation of the disposal approval.

Pursuant to the *Oil and Gas Activities Act (OGAA)* section 75(2)(b), the Commission may cancel, suspend or amend a designation (iii) if the Commission considers that the designation is spent, or (iv) if the Commission considers that the designation is no longer appropriate, including, without limitation, for reasons of (a) public safety, (b) protection of the environment, or (c) conservation of petroleum and natural gas resources.

The Special Project Approval 18-02-003 for the Stoddart West field, North Pine formation well Secure W Stoddart 10-14-87-21 (WA 2777) is hereby cancelled under section 75(2)(b) of OGAA. In accordance with Section 75(2)(b)(iii), the Commission considers that the designation is spent.

Should you have any questions, please contact Logan Gray at (250) 419-4465 or the undersigned at (250) 419-4430.

Sincerely,

Ron Stefik, P.L.Eng.
Supervisor, Reservoir Engineering
Oil and Gas Commission
