Dear Stephen Penner:

**RE: PRODUCED WATER DISPOSAL SPECIAL PROJECT CANCELLATION  
CNRL BUICK d-58-I/94-A-11 (WA# 3996)  
BUICK CREEK FIELD – LOWER HALFWAY 'B' POOL**

The subject well was drilled and completed in the Lower Halfway 'B' pool in 1977 as an oil well and was later converted to a water injection well in 1999. The well was approved for salt water disposal into the Lower Halfway 'B' pool on October 12<sup>th</sup>, 2000 but disposal operations never occurred. In 2004, the Upper Halfway zone was completed for water injection and in 2012, both the Upper Halfway and Lower Halfway zones were abandoned. On November 7<sup>th</sup>, 2019, Canadian Natural Resources Ltd. indicated having no plans for reactivation of this well and concurred that cancellation of the disposal approval is appropriate.
