Dear Mark Piercey:

**RE: PRODUCED WATER DISPOSAL SPECIAL PROJECT CANCELLATION
TERVITA BOUNDARY A6-26-84-14 (WA# 7474)
BOUNDARY LAKE FIELD – HALFWAY FORMATION**

The subject well was drilled in 1990 and completed into the Belloy formation and Halfway formations in 1991 but only produced minor volumes. The well was later reentered and recompleted into the Halfway formation for water disposal in 1994. Approval for salt water disposal into the Halfway formation was granted on September 19th, 1994. The last reported disposal into the well occurred in December of 2014. On November 1st, 2019, Tervita Corporation indicated having no plans for reactivation of this well and concurred that cancellation of the disposal approval is appropriate.

Pursuant to the *Oil and Gas Activities Act (OGAA)* section 75(2)(b), the Commission may cancel, suspend or amend a designation (iii) if the Commission considers that the designation is spent, or (iv) if the Commission considers that the designation is no longer appropriate, including, without limitation, for reasons of (a) public safety, (b) protection of the environment, or (c) conservation of petroleum and natural gas resources.

The Special Project Approval 94-02-008 for the Boundary Lake field, Halfway formation well Tervita Boundary A6-26-84-14 (WA 7474) is hereby cancelled under section 75(2)(b) of OGAA. In accordance with Section 75(2)(b)(iii), the Commission considers that the designation is spent.

Should you have any questions, please contact Logan Gray at (250) 419-4465 or the undersigned at (250) 419-4430.

Sincerely,
