Calgary, AB T2G 0R1

Dear Mark Piercey:

**RE: PRODUCED WATER DISPOSAL SPECIAL PROJECT CANCELLATION
TERVITA HZ W STODDART 10-30-87-20 (WA# 10864)
STODDARD WEST FIELD – HALFWAY FORMATION**

The subject well was drilled in 1997 but was left unused until 2003 when it was reentered and completed into the Halfway formation as a water injection well. Approval for salt water disposal into the Halfway formation was granted on January 20th, 2004 and disposal operations occurred from April 2004 to July 2014. The Halfway formation was abandoned and the well was then completed into the Baldonnell and Cadomin formations in 2014 and was used as an observation well. On November 1st, 2019, Tervita Corporation indicated having no plans for recommencement of disposal operations in this well and concurred that cancellation of the disposal approval is appropriate.

Pursuant to the *Oil and Gas Activities Act (OGAA)* section 75(2)(b), the Commission may cancel, suspend or amend a designation (iii) if the Commission considers that the designation is spent, or (iv) if the Commission considers that the designation is no longer appropriate, including, without limitation, for reasons of (a) public safety, (b) protection of the environment, or (c) conservation of petroleum and natural gas resources.

The Special Project Approval 04-02-001 for the Stoddard West field, Halfway formation well Tervita HZ W Stoddart 10-30-87-20 (WA 10864) is hereby cancelled under section 75(2)(b) of OGAA. In accordance with Section 75(2)(b)(iii), the Commission considers that the designation is spent.

Should you have any questions, please contact Logan Gray at (250) 419-4465 or the undersigned at (250) 419-4430.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ron Stefik".
