Harley Thiessen
Production/Completion Engineer
Tourmaline Oil Corp.
3700, 250 – 6th Ave S.W.
Calgary, AB T2P 3H7

Dear Mr. Thiessen:

**RE: PRODUCED WATER DISPOSAL SPECIAL PROJECT CANCELLATION
TOURMALINE SUNRISE D12-14-80-16; WA# 27864
SUNRISE FIELD - BLUESKY FORMATION**

The subject well was drilled in December of 2011 and the Bluesky, Cadomin and Nikanassin formations were completed and subsequently abandoned. In November 2013 Tourmaline Oil Corp. drilled out the abandonment and recompleted the Bluesky formation for the purpose of water disposal. Approval for produced water disposal, Order 14-02-002, was issued on March 3, 2014. The well was active from March 2015 until April 2018, and was then downhole suspended in August 2018. Tourmaline Oil Corp. has informed the Commission that there are no immediate plans for reactivation of this well and concurred that cancellation of the disposal approval is appropriate.

Pursuant to the *Oil and Gas Activities Act (OGAA)* section 75(2)(b), the Commission may cancel, suspend or amend a designation (iii) if the Commission considers that the designation is spent, or (iv) if the Commission considers that the designation is no longer appropriate, including, without limitation, for reasons of (a) public safety, (b) protection of the environment, or (c) conservation of petroleum and natural gas resources.

The Special Project Approval Order 14-02-002, for the Sunrise field, Bluesky formation, well Tourmaline Sunrise D12-14-80-16 (WA# 27864), is hereby cancelled under section 75(2)(b) of OGAA. In accordance with Section 75(2)(b)(iii), the Commission considers that the designation is spent.

Should you have any questions, please contact Kathryn Archibald at (250) 419-4406 or Ron Stefik at (250) 419-4430.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Ron Stefik', written over a horizontal line.
