Dear Ms. Slark:

**RE: PRESSURE MAINTENANCE WATERFLOOD PROJECT
APPROVAL ORDER CANCELLATION
CECIL LAKE FIELD – SIPHON 'A' POOL – CNRL PROJECT**

The subject pressure maintenance waterflood project in the Cecil Lake Siphon 'A' pool was approved by the Regulator on April 6, 2001. However, the project never became effective as injection has never commenced. On January 17, 2025, Canadian Natural Resources Limited indicated via email that they consented to the cancellation of the project approval.

Pursuant to the Energy Resources Activities Act (ERAA) section 75 (2)(b)(i), the Regulator may cancel, suspend or amend a designation at the request of the applicant to whom the designation was given. The pressure maintenance waterflood project approval Order 01-09-002 for the Cecil Lake field, Siphon 'A' pool, is hereby cancelled, under the authority of ERAA section 75(2)(b).

Please contact Logan Gray at (250) 419-4465 or the undersigned at (250) 419-4430 should you have any questions.

Sincerely,
