Dear Mr. Artindale:

**RE: APPLICATION FOR COMMINGLED PRODUCTION  
CANHUNTER KELLY D-53-g/93-p-1; WA 7952**

This acknowledges receipt of an application dated September 20, 1994, requesting permission to commingle gas production from the Doe Creek and Falher "B" zones in the subject well.

We wish to advise you that your application is hereby approved subject to the following conditions:

1. Production from the Doe Creek and Falher "B" zones may be commingled.
2. Gas, condensate and water production should be allocated to the zones on the BC S-1 and BC S-2 forms on the basis of Doe Creek 50% and Falher "B" 50% during the first year.
3. Segregated production rates should be used to adjust production split of condition #2 in subsequent years.
4. The approval may be modified at a later date if deemed appropriate through a change in circumstances.

Yours sincerely,

B.E. Hanwell, P. Eng.  
Director  
Engineering and Operations Branch
