Dear Ms. Dimen:

**RE: APPLICATION FOR CONCURRENT PRODUCTION
RIGEL HALFWAY "R" POOL**

This acknowledges receipt of your application dated February 24, 1995, requesting a concurrent production scheme approval for the subject single well pool.

We wish to advise that the well c-77-I/94-A-10 (WA 8325) has now been reclassified from an oil well to a gas well due to its production performance. At this time, c-77-I is the only well completed in the Rigel Halfway "R" pool. Consequently, your request for a concurrent scheme approval for Rigel Halfway "R" pool is considered inappropriate.

Please note that a daily gas allowable (DGA) is not required to produce this gas well.

Yours sincerely,

P.S. Attariwala
Supervisor, Reservoir Engineering
Engineering and Operations Branch
