Dear Mr. McKinnon:

Re: Concurrent Production
OIL Bulrush d-76-F/94-A-16
Bulrush - Halfway 'B' Pool

revision

We wish to inform you that our concurrent production approval of 1979 04 23 is hereby modified to reflect the changed land ownership. Therefore, conditions 1 and 3 of our original approval (copy attached) are hereby amended as follows:

1. The area of the concurrent production scheme consists of units 76-F/94-A-16.

→ 3. Gas production from the area will be limited to $7 \times 10^3 \text{ m}^3/\text{d}$. (*was 14.1 $10^3 \text{ m}^3/\text{d}$*)

Other conditions of the approval remain unchanged.

Yours truly,

B. van Oort
Acting Director, Engineering and Operations
