*Unocal Project
(2.)*

Dear Mr. Pelkey:

APPLICATION FOR CONCURRENT PRODUCTION
d-15-A AND d-16-A/94-H-2
WILDMINT-DOIG "B" POOL
(Lower Halfway)

This is with respect to your original application of April 13, 1988, and subsequent correspondence of November 17, 1988, and June 7, 1989, requesting concurrent production approval under Good Engineering Practice for the subject wells.

No objections were received following the publication of a notice of the application in the British Columbia Gazette of August 24 and 31, 1989. Accordingly, Unocal Canada Ltd. is hereby granted approval under Section 113 of the Petroleum and Natural Gas Act to produce oil and gas concurrently from the Doig "B" pool subject to the following conditions:

1. The area of approval is units 15 and 16 Block A/94-H-2.
2. The individual daily oil allowables are removed for the wells.
3. Gas production will be limited to 15 10³m³/d for each oil well.
4. All gas production will be conserved.
5. The effective date of this approval will be the date the Division is advised of completion of gas conservation facilities. *

*effective
March 29/90.
(Stuart Adams)
268-0490.
87.
90-01-18.*

Mr. Bob Pelkey

6. This approval is subject to periodic review and may be modified or rescinded at a later date by the Director, Engineering and Operations, if deemed appropriate through a change in circumstances.

Yours sincerely,

A handwritten signature in cursive script, appearing to read "John Allan", with a long horizontal stroke extending to the right.

John Allan
Assistant Deputy Minister
Energy Resources Division
