

Ref. No. 891341

December 19, 1989

Mr. H.G. Kershaw  
Conoco Canada Limited  
3900 Bow Valley Square 2  
205 - 5th Avenue S.W.  
Calgary, Alberta  
T2P 2V7

Dear Mr. Kershaw:

**RESCINDING OF GEP PROJECT STATUS**  
**FLATROCK WEST - HALFWAY 'C' POOL**

We are in receipt of your application dated December 13, 1989, requesting the waiving of gas allowable and subsequent rescinding of GEP status for the Conoco Project in Flatrock West - Halfway 'C' pool (Sections 1 and 12-85-17 W6M).

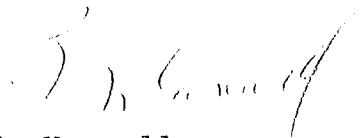

In accordance with the implementation of the new policy outlined in our Information Letter 89-09 (dated November 27, 1989), the Branch agrees that the well is on-target and potential water problems do not exist in this pool. As a result the projected daily gas allowable of  $70 \times 10^3 \text{ m}^3$  is hereby waived and the well 6-12-85-17 may produce without restriction. In addition, the approval for Good Engineering Practice status (granted October 15, 1987 and revised October 18, 1989) is rescinded, both being effective January 1, 1990.

Please note that if the well is re-completed or if its performance changes and the Ministry feels that restrictions are necessary, an allowable may be reinstated with advance notification being given to Conoco.

Mr. Kershaw  
December 19, 1989
