Dear Sir:

Re: Application for Good Engineering Practice, Baldonnel and Halfway Zones - Jedney Field

Approval is granted for the establishment of Good Engineering Practice projects in the Baldonnel and Halfway Pools of the Jedney Field. Effective November 1, 1970, individual well daily gas allowables are removed and all wells are to be produced according to good engineering practices. The following conditions apply:

1. Two GEP Projects are approved, to be known as the Baldonnel Project, Jedney Field and the Halfway Project, Jedney, Field.
2. The Project areas are shown on the attached map and presently include the following wells:
