Dear Ms. Nielsen:

RE: JEDNEY - BALDONNEL/UPPER CHARLIE LAKE 'A' GEP

A recent re-evaluation of wells in the Jedney field by the the Petroleum Geology Branch has resulted in the inclusion of the Upper Charlie Lake formation to the pay zone of the former Baldonnel 'A' pool.

As a consequence, the approval of October 22, 1970, for a GEP project in the Jedney - Baldonnel zone is hereby modified to the Baldonnel/Upper Charlie Lake formation (zone code: 4150). All other conditions associated with the original approval remain in effect.

Yours sincerely,

P. Ostergaard
Assistant Deputy Minister
Energy Resources Division
