Mr. T.L. Weedon
Petro Canada Resources
P.O. Box 2844
Calgary, Alberta
T2P 3E3

Dear Mr. Weedon:

GOOD ENGINEERING PRACTICE AREA
KOBES - HALFWAY

An approval to produce Halfway gas wells within the Kobes field under Good Engineering Practice (GEP) was granted to Pacific Petroleum Ltd. on April 1, 1966.

A recent review of the land holdings in the Kobes field indicates that the assigned GEP area does not conform with the leases currently held by Petro-Canada. Accordingly, the area of the Petro-Canada operated GEP for the Kobes Halfway "A" pool has been revised and is described as follows:

94-B-8: Block I, units 72, 73, 82, 83 and 92-95
94-B-9: Block A, units 2-5, 14, 15, 24, 25, 34,
35, 44 and 45

Yours truly,

B.E. Hanwell
Director, Engineering and
Operations
