Gentlemen:

Re: Good Engineering Practice Area  
Pacific Osprey a-45-J/94-A-15

Further to my 1984-11-02 telephone conversation with Mr. Jack Burp, this letter will serve to confirm the verbal approval granted Petro-Canada to produce the above noted well under Good Engineering Practice.

Attached, for your information, is a copy of the Application for Daily Gas Allowable for the subject well that was sent to you 1984-10-30.

Your acknowledgement of receipt of this letter, by initialling and returning the duplicate copy would be appreciated.

Should you have any questions or require further information on this matter, please contact Mr. Allan Twigge at (403) 296-5700.

Yours very truly,
