*Amendment
to Project (02)*

Dear Mr. Woofter:

**RE: GOOD ENGINEERING PRACTICE SCHEME MODIFICATION
RIGEL ^{EAST} GETTING "A" POOL**

This is with respect to the Good Engineering Practice (GEP) scheme which was approved on July 18, 1991, for the subject pool. The area of approval of the GEP scheme, operated by Remington Energy Ltd., consisted of Sections 2, 3, 10, 15 and 16-88-16 W6.

Canadian Natural Resources Limited requests that Section 16-88-16 W6 be removed from the GEP area as they have acquired 100% interest in the N/2 and SE/4 of Section 16-88-16 W6 during the August 11, 1993, Crown Land Sale.

In view of the above, we wish to advise that condition #1 of the GEP approval of July 18, 1991, is hereby modified as follows:

1. *The area of the approval is Section 2, 3, 10, and 15-88-16 W6M.*

All other conditions of the approval remain unchanged.

Yours sincerely,

B.E. Hanwell
Director
Engineering and Operations Branch
