Mr. Ray Kowal  
Production Engineer  
Anderson Exploration Ltd.  
1600, 324 Eighth Avenue SW  
Calgary AB T2P 2Z5

Dear Mr. Kowal:

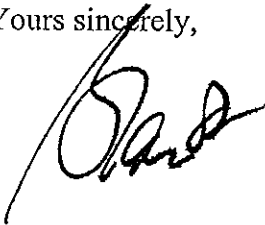

**RE: APPLICATION TO AMEND WATERFLOOD APPROVAL  
EAST EAGLE UNIT NO. 1**

---

This refers to your application dated September 21, 1998, wherein you requested an amendment to the waterflood pressure maintenance scheme approval in the subject Unit.

Waterflood in the East Eagle Unit No. 1 has been moderately successful. Your request to complete the well Home Unit Eagle A7-23-84-18 W6M (WA 10751), bottom hole location 10-23-84-18 W6M, as a water injection well in the Belloy-Kiskatinaw to effectively sweep the reservoir to recover bypassed oil in the Unit is considered appropriate. Therefore, we wish to advise that your application to convert the well A7-23 to water injection service is hereby approved.

Yours sincerely,

B. van Oort, P. Eng.  
Director  
Subsurface Administration
