Dear Mr. Rossall:

RE: APPLICATION TO AMEND PRESSURE MAINTENANCE APPROVAL
BRASSEY ARTEX "A", "B" AND "D" POOLS

This acknowledges receipt of your application dated January 21, 1994, requesting that the project area in the subject pressure maintenance scheme be enlarged to include units 94-C and 95-C/93-P-10 and unit 5-F/93-P-10.

Recent horizontal re-entry of a well at b-94-C/93-P-10 has resulted in an extension to the Brassey Artex "B" pool outline. We concur that the Artex "B" pool extends into units 94 and 95 -C/93-P-10. Accordingly these units should be included within the project area. However, unit 5-F/93-P-10 cannot be included in the project area as no reserves are mapped under this unit.

Consequently, condition #1 of the pressure maintenance scheme approval granted, under section 116 of the Petroleum and Natural Gas Act, on June 29, 1989, subsequently modified on April 6, 1990, February 20, 1991, and again on September 2, 1993, is hereby modified as follows:

1. The project area will comprise those portions of the Artex pools underlying the following lands:

93-P-10: Block-B, units 80,89,90
Block-C, units 61-63, 71-73, 81-83, 91-95
Block-F, units 2-4, 12-15, 22-25, 33-36,
43-46, 53-56

Township 76, Range 19: partial LSD 15 and 16 section 35
partial LSD 13-16 section 36

Township 77, Range 19: section 1, section 2-E, 1/2,
section 11- E 1/2 and section 12.
