OGC 000004

Ms. Jane Mactaggart
Exploitation Engineer
Canadian Natural Resources Limited
2000, 425 - 1st Street SW
Calgary, AB T2P 3L8

Dear Ms. Mactaggart:

**RE: APPLICATION FOR PRESSURE MAINTENANCE AMENDMENT
MILLIGAN CREEK HALFWAY "A" UNIT#2**

This refers to your application dated January 7, 2000 wherein you requested approval to modify the waterflood pressure maintenance scheme in the subject oil pool by converting the well b-65-G/94-H-2 (WA# 1493) to a water injector.

Investigation has shown that approval was granted on March 18, 1991 to the former Unit operator, Unocal Canada Management Ltd., for conversion of this suspended oil producer to a water injector, a copy of the approval letter is attached. This approval remains valid.

An "Application to Alter a Well" must be submitted to the Fort St. John office of the Commission. Once injection commences a form BC-11 "Notice of Commencement or Suspension of Operations" must be submitted to the BC Ministry of Energy and Mines.

Should you have any questions, please contact Ron Stefik at (250) 952-0310.

Sincerely,

Craig Gibson
Manager
Reservoir Engineering and Geology
