Encal Project (02)

Dear Mr. Frew:

**RE: AMENDMENT TO THE PRESSURE MAINTENANCE APPROVAL
BEATTON RIVER HALFWAY "A" POOL**

This refers to your application dated July 31, 1998, wherein you requested an amendment to the waterflood pressure maintenance scheme approval in the Beatton River Halfway "A" oil pool.

Waterflood in the subject pool has been very successful. The well b-38-J/94-H-2 (WA 00309) is a watered-out oil well which was abandoned in May 1990. Your request to complete this well as a water injection well to effectively sweep the reservoir to recover bypassed oil is considered appropriate. Therefore, we wish to advise that your application to convert b-38-J as a water injection well is hereby approved.

Yours sincerely,

B. van Oort, P. Eng.
Director
Engineering and Operations Branch

PSA/mef
