Ms. Darlene Gates
Associate Engineer, Production Engineering
Imperial Oil Resources Limited
237 - 4 Avenue SW
Calgary, AB T2P 0H6

Esso Unit #1 (02)

Dear Ms. Gates:

**RE: CONVERSION TO WATER INJECTION SERVICE
ESSO PAC BOUNDARY 14-8-85-13 W6M (WA 767)
BOUNDARY LAKE UNIT NO. 1**

This is with reference to your application dated January 29, 1997 requesting permission to convert the subject well to water injection service. In addition, you request that "new" oil royalty be approved for incremental oil associated with the conversion.

We wish to advise that conversion of the well 14-8-85-13 W6M to water injection service in the Boundary Lake formation is hereby approved. Approval of the mechanical details will be handled by our Field Office in Charlie Lake.

Please note that the Administrator, Resource Revenue Branch, will approve a "new" oil royalty factor for the incremental oil as a result of this conversion.

The following condition must be met to ensure the recovery of this incremental oil:

The amount of water injected in this well will maintain voidage replacement in the proposed pattern in Unit No. 1.

Yours sincerely,

B. van Oort
Director
Engineering and Operations Branch

cc: D.L. Johnson
Manager, Field Office

Doug Stangeland
Resource Revenue Branch
